

Manchu people find hunting partner in eagles

chinadaily.com.cn | 2016-12-20 11:40

China Daily App Download

The eagle has long been a totem for Manchu people, the largest ethnic minority in China. Ancestors of the Manchu people, born in China's cold northern areas and raised as hunters, trained eagles as their hunting partners. Eagles, known for their astute instincts and aviation abilities, can be a powerful helping hand for hunters.

A hunter trains an eagle as his hunting partner in Northeast China's Jilin province. [Photo by Liu Mingtai/China Daily]
